About Me

Hi there! I'm Carina, jack of all trades, master of some. I have a passion for frontend web development, graphic design and an unhealthy obsession with English literature.

Skills

- JavaScript (Vue.js and Nuxt.js)
- Component-based architecture (Creating reusable components, props, events, slots)
- Vue DevTools
- Vuex (State management)
- HTML
- SCSS (SASS)
- GitHub
- Figma
- Jira

Experience

Intermediate Frontend Developer

Apr 2022 - Present

Nexus Point Ltd

- Worked on various projects on different teams, both as Client Support and dedicated Client Teams.
- Collaborated with designers to transform design mockups into functional frontend interfaces.
- Created responsive and user-friendly components using HTML, CSS and Vue.
- Resolved UI and functionality issues, ensuring optimal performance.
- Fixed functionality issues based on user feedback and collaboration with the team.
- Optimized website for different devices through responsive design techniques for various screen sizes.
- Managed multiple tasks, meeting deadlines and adapting to changing priorities.
- Participated in code reviews to improve code quality and consistency.
- Resolved UI and functionality issues based on client feedback.
- Collaborated with the backend team to implement essential functionality and integrating frontend and backend APIs.
- Efficiently fixed bugs through testing and collaboration with QA.
- Maintained and developed the existing internal Content Management System.
- Conducted regular client meetings to gather feedback and discuss project updates.
- Onboarded new clients and trained them on the use of our web applications.
- Provided technical support to clients, addressing their issues and concerns promptly.
- Collaborated with cross-functional teams to design, develop, and deploy high-quality user interfaces.
- Ensured consistent behavior across different browsers with Cross-browser Compatibility
- Ensured Web Performance Optimization and worked on Technical SEO

COPYWRITER & SOCIAL MEDIA CONTENT CREATOR

Jan 2021 – April 2022

EMOTIONSTUDIOS

- I took on the responsibility of writing articles and content for both the EMOTIONStudios website & blog and the VEEP website & blog.
- I was completely independent in organizing the timeline of the content and the themes of the articles.

Frontend Developer

Nov 2019 – April 2022

EMOTIONSTUDIOS

- I developed my frontend skills in a professional environment.
- Working together with my colleagues on different projects, I learned and evolved my knowledge of PHP, Wordpress, JQuery and LESS.
- I got experience in transforming Adobe XD, Figma, Invision and Photoshop designs into real, viable websites.
- I was also responsible customizing web products for different clients.
- The satisfaction of the client was achieved and ensured every time with constant and direct communication between me and the client.
